

Caffè Diemme Medeiterraneo cremoso

Miscela Mediterraneo is a coffee with an intense flavor, resulting from a blend of Arabica from Central and South America and the best Indian Robusta. The combination of these different origins gives life to a good-bodied coffee, with a pleasant and balanced acidity and strong hints of cocoa, dried fruit and toasted bread. If combined with milk, it creates a cappuccino with intense and wrap-around notes.

Available in bags of whole beans: 1000 g.
